Have You Ever Been In Contact With Hepatitis?  
Have You Ever Had Hepatitis?

Now, you can make it pay. The least you can make is \$200 cash each month. And at the same time, you'll be helping to contribute to the health and welfare of others. Even if you've never had symptoms of hepatitis, you may qualify as a donor.

## How?

Your blood plasma contains various amounts of antibodies or antigens which are used in research and the production of a new vaccine against hepatitis. A simple hour and a half procedure, whereby we extract your valuable plasma, is all it takes to not only put money in your pocket, but also help other members of the Gay community.

## Books

for the Study of Human Resources, in conjunction with One, both in Los Angeles, are coming down the home-erch with their massive four-volume Comprehensive Bibliography of Homosexuality, coedited by W. Dorr Legg and Lynne Dynes. It will contain 30,000 entries from Europe and America, replacing such previous shorter bibliographies as that by Vern L. Bullough (1976), William Parker (1971, 1977), Berg & Bell (1972) and Ian Young (1973). A project that would strain the resources of even a university, it has been grossly underfunded and needs donations to ISHR, 2256 Venice Blvd., Suite 203, Los Angeles, CA 90006.

The worst reception of the season has been accorded *The Nazi Extermination of the Sexuals* by Frank Rector (Stein & Day), a work "unaccompanied by scholarly or reportorial skills," according to the New York Times. Looks like we'll have to wait for Richard Plant's definitive book on the subject, due next year from Holt, Rinehart and Winston.

The demise of Catalyst Press, described by Young in these pages a few issues ago, has left him with unsold inventory, among them poems by Judith Crewe (1971), by Tom Meyer (\$3.95), by Gavin B. (2), essays on dance by Graham (1976) (\$6.95), a memoir of erotic adventures abroad by E.A. Lacey (\$5) and several titles. For complete list write Catalyst Press, 315 Blantyre Ave., Scarborough, Ontario, Canada, M1N 2S6.

A handsome hardcover edition of *Ami le mile*, a *chanson de geste* written around 1200, has been translated from French by Samuel Danon and published by N. Rosenberg. A powerful tale of erotic love between two knights, a new version of the tale was translated by William Morris (1896) and abridged in *Carver's Iolaus: An Anthology of Friendship* (1902) from which the excerpt in Byrne Fone's *Hidden Heritage* is taken. This edition, in prose also, offers a new analysis of sources and helpful notes. \$10 plus \$1 from French Literature Editions, Box 707, York, South Carolina 29745.

The Gay Caucus of the American Booksellers Association met at this year's convention in late May. The caucus was formerly coordinated by Paul F. of the Lambda Book Club, whose untimely death of cancer in early May is mourned by many of us. Information about the Caucus is now available from Michael Denny, 101 St. Martin's

CHANCES ARE,

# YOU'VE GOT HEPATITIS

OR WERE EXPOSED TO IT

*If you're an active gay, you have an extremely high chance of getting Hepatitis. This disease can cripple you for months. It can hurt you, and everyone around you, for a lifetime. It might even kill you.*

*Yes, Hepatitis is a serious disease. But now there is something you can do to stop it.*

### HELP DEVELOP THE ANTI-HEPATITIS VACCINE.

At Alpha Plasma Centers we are collecting plasma for use in the development of a Hepatitis Vaccine, that may one day stop Hepatitis dead in its tracks.

You, or anyone you know who's had Hepatitis, can help in our research by contacting an Alpha Plasma Center. At Alpha, giving this plasma is fast, easy and safe. We'll pay you cash if your plasma is acceptable. We will give you a free blood test to find out if you qualify.

Please, consider the danger of Hepatitis in our community. Your blood may

hold the factors we're searching for, so contact your Alpha Plasma Center today.
