Dear Mr Hince

FACTORATE - PL 0231/0038

This is to confirm my telephone call to you earlier today. Before the grant of a licence for this preparation the licensing authority require to have agreement in writing from your company that the data sheet will include a statement that the product has been heated at 60°C for 30 hours, and that this step has been introduced in order to reduce the risk of transmission of infectious agents.

I look forward to receiving the necessary written confirmation from you as soon as possible.

Yours sincerely

**GRO-C**
