August 27, 1976
REF: E 482

Attention: Mrs. J. M. Boulton,

2 SEP 1976

Dear Mrs. Boulton,

Thank you for your letters dated August 18th and 19th which arrived today. We appreciate your handing over the appropriate and restricted information to Mr. Heath of Speywood. From what you have indicated you have certainly complied with our wishes and we sincerely appreciate your assistance.

We are informed by telex today from Speywood that the Koate® license was issued August 27, 1976 No.3070/0004. We must comply with protocol for release, which Speywood mailed to us today. We expect that we can comply with that protocol and will shortly return it and submit samples of the specific lot for official release by the appropriate agency.

I would like to specifically thank you and Mr. Dixon for your help in pursuing the application in behalf of Cutter Laboratories.
