

Fourth meeting, Tuesday 27th September 1983 in the Library,
North London Blood Transfusion Centre, Deansbrook Road,
Edgware, Middlesex at 11.30 am.

1 Apologies for absence.

2 Minutes of the last meeting.

3 Matters arising.

4 AIDS

4.1 current position (correspondence and publications).

4.2 DHSS pamphlet.

4.3 Council of Europe's May Meeting on AIDS and blood transfusion.

4.4 Human T-cell leukaemia virus.

(It is not feasible for the secretary to circularise all the paperwork received concerning this topic!)

5 Transfusion Associated Hepatitis

5.1 Reporting of TAH from England and Wales; lack of response. (since report to RTDs was overshadowed by AIDS).

5.2 TAH and chronic hepatitis study (Dr. Polakoff).

5.3 Prospective TAH studies (Dr. McClelland and Dr. Barbara).

5.4 Dr. Oliver James' samples (see letter enclosed).

6 A ~~guide~~ to hygienic skin piercing (Dr. Norma Noa).
See enclosed letter referring to this booklet.

7 Incidence of infection with hepatitis B in haemophiliacs (Edinburgh).

8 Any other business.

Teacher. G. G. G.

Mouse monoclonal.
