Further to my previous memorandum, dated 16<sup>th</sup> October, 2009, in relation to the above subject, and following your instruction to examine the medical records of both Mr GRO-A and Mr GRO-A covering the period 1980-1984, I have to report that I have now completed this task as well as also examining the records covering 1985 and can confirm that I found no evidence within these records to substantiate the allegations made by both complainers.
