CBLA: i. Redevelopment, ii. Accountability Review

Redevelopment

My minute of 9 August to Mr Naysmith refers.

If firm management is to be given to this project by CBLA we need to agree their cash limit soon. We cannot expect them to manage against an uncertain financial background. Decisions affecting the progress of the scheme are also dependent on this being done.

Accountability Review

Agreement to take these proposals forward would also be appreciated.

*Reminded MS/H. Office  
again on 20/8; he returned  
all recent work in locked box*

*1/11 returned  
Ltr on 4/9/85*

*He then suggested we remind  
them of its urgency again  
on that day "to ensure it  
comes down"*
