HS

CBLA: REDEVELOPMENT OF THE BLOOD PRODUCTS LABORATORY

1. You will have seen Mr Harris' submission of 10 July and Mr France's minute of 11 July. In their absences I am addressing MS(H)'s comments to you.

2. MS(H) has now seen the submission and commented:-

"I do not understand why we are now rejecting CBLA's reductions of the final expenditure by £1.4m and of the fees to £5.4m. Why should we not accept these two offers?"

3. I should be grateful for your advice please.
