Subject : Select committee of experts on the responsibility of
blood transfusion centres, 28-30 September 1993,
Strasbourg.

Dear member,

At its meeting on 1-2 February 1994, the Bureau of the SP-HM (Committee of experts on blood transfusion and Immunohaematology) felt that the work of the above mentioned Committee should continue. Meanwhile the Bureau of the European Health Committee has proposed that the terms of reference should be modified and better targetted for the work to continue.

I have therefore asked the UK delegate, Dr Rejman, to present the results of the SP-R-RT meeting to the SP-HM on 4-5 October and to advise whether a recommendation could be prepared on the basis of the report.

Yours faithfully,

GRO-C
