Mr Wermald

BLOOD PRODUCTS LABORATORY: INTERIM IMPROVEMENTS

MS(H) has seen your minute of 24 July and the accompanying submission recommending capital developments at the BPL over the next two years, and increased revenue from 1981/2. He has agreed to the proposals but has asked when and how we announce them. I should be grateful for a note.

(with copy of papers)
You may wish to see: Understand SFS is interested generally in central funding.

GRO-C

Mr Harley

Mr Breerton tells me that SFS merely noted. We can therefore go ahead.
I think we recommend against any Parliamentary
