Mr Wormald

REDEVELOPMENT OF BLOOD PRODUCTS LABORATORY

The Minister for Health has seen your minute and submission of 18 June and has agreed to the establishment of a small sub-committee to advise on production and design policies, and to supervise the detailed planning.

Mr Harley

For action please. We should establish this at once, & let the members have background material, but making it clear that action partly depends on other events.

I take it that Dr Harris will wish/

CODE 18-76

10

be willing to issue the invitation.
