Subject: File check

Hi Zubeda,

file J/S240/78/7 has been returned to DRO.

Titled

Small Grants Committee: Studies of the Epidemiology and Chronic Sequela of Factor V111 and IX Associated Transfusion Hepatitis in the United Kingdom Dr J Craske.

I have reviewed this file and marked it for destruction however there is a note inside the file from you in 2005 saying although the file is marked for destruction could we still retain it. Can this file be destroyed or would you still like it retained.

Thanks

Pauline
