**Subject:** Updated Figures

Good afternoon Inquiry team,

Could this be passed onto Sir Brian please.

Today I've received figures from EIBSS and I am now in a position to provide the inquiry team with the following information.

Since July 2017 when the Prime Minister announced there would be an Infected Blood Inquiry, our community have lost 160 people.

The breakdown is as follows:

England 131  
Scotland 25  
Wales 2  
Northern Ireland 2

One person has died every four days.

We all appreciate what you Sir Brian, and the inquiry team are doing, and thank you for giving a voice to those of us who no longer have a voice or who suffer in silence.

Kind regards

Sean Cavens
