Linda,

Many thanks for this submission, which MS(Q) has now read. If it's not too late, he'd like the following amendments made:

1. Para 114 - literal. Plus he finds the wording curious in a document we're asked to publish. He would rather say what we have decided to do than discuss FOI possibilities. 2. We will need a comms strategy on this.

Otherwise he is happy to agree the recommendations.

I think he's asked for a comms strategy before. Could I possibly have a note setting out where we've got to with this, by 3pm on Thursday 17
