Subject: Destruction dockets for blood products files

Zubeda,

I'm sorry I've delayed on this. I now attach two image files.

The first contains copies of destruction dockets for GEB/1, volumes five to fifteen. The second, produced from the computer system installed in the file store in 1996 includes towards the bottom of each page the destruction records for GEB/1 vols 16 and 17.

*56  
4, 16, 17 missing*

I hope these are helpful.
