HIV/AIDS LITIGATION

At a meeting on 20 June with Counsel who will represent the Department, Mr Justin Fenwick, he sought advice on a number of issues. A meeting with the Judge who will hear these cases is scheduled for 29 June and advice is therefore required as soon as is possible. In particular Treasury need to know immediately if CSM wish Treasury Solicitors to act for them.

A brief note of the meeting is enclosed, and while the questions below are directed to those concerned as far as is known, I would be grateful for comments from all others circulated who can assist. This minute has been discussed and agreed with Dr Rejman, Med SEB/B.
