Subject: vCJD and Blood Donation: Update on Patient Notification

David

PS(PH) saw your update note to SofS on this issue and you will recall that we had a very short chat with CMO about a possible call that Malcolm Chisholm wanted to have with PS(PH). Although his office have called a few times the call has not happened as yet.

However PS(PH) would still find it helpful to see a timetable of the next steps on this issue - if this is included in the note that will be coming up from CMO regarding MSBT advice then that should be fine (I'm presuming that this will probably come sometime next week?). Grateful if you could confirm or provide a short timetable.

Happy to discuss.
