Batches of factor VIII type 8SM for submission to NIBSC

November 18, 1993

FAX TO: **GRO-C**
For the attention of:

Dr T W Barrowcliffe
Head, Division of Haematology
National Institute for Biological Standards & Control
Blanche Lane, South Mimms, Potters Bar
Herts, EN6 3QG

Dear Trevor,

BATCHES OF FACTOR VIII TYPE 8SM FOR NIBSC REVIEW

I am writing to draw your attention to three batches of factor VIII type 8SM which will be submitted to NIBSC next week. These are:

Batch	Date to NIBSC
FHM4216	23-Nov-93
FHM4227	23-Nov-93
FHP4245	23-Nov-93

As I mentioned to you when we spoke on the 'phone last week, there is now considerable pressure on 8SM stocks, with any delay to batch progression causing stock-out and customer dissatisfaction. My hope in providing you with advance notice of shipment is that this may allow you to expedite these batches through the NIBSC process.

I hope you will feel able to help in this way.

Best wishes,

Yours sincerely,

GRO-C

Terry Snape
