Dr. C. Rizza, Director,  
Oxford Haemophilia Centre,  
Churchill Hospital,  
Headington,  
OXFORD OX3 7LJ.

Dear Sir,

Factorate Batch T30902

We are supplying with this letter 200 vials of the above batch of our Dried Human Antihaemophilic Fraction (Sterile) BP. This batch has not yet been released by the D.H.S.S. but they have agreed that the material can be forwarded to you because it is urgently required to meet a patient need. We cannot accept any responsibility if the lot is subsequently not released by the D.H.S.S.

However this batch has been fully tested to the Company's specifications and the tests laid down in the British Pharmacopoeia 1973 (1978 amendment) Monograph. This information was forwarded to the D.H.S.S. in the protocol requesting release for sale. The D.H.S.S. carry out their own independent analyses and review all the data; if all the information and test results are satisfactory the batch is released for sale. At the time of writing the D.H.S.S. have not completed their testing. When a full release or rejection has been received from the D.H.S.S. I will advise you by telephone and confirm by letter.

Will you please sign the copy of this letter acknowledging the condition under which this material has been supplied. Our driver has been instructed not to leave the vials of Factorate unless the signed copy is returned to him.

Yours faithfully,  
ARMOUR PHARMACEUTICAL COMPANY LTD.

**GRO-C**

E. R. James, C.Chem. MRIC  
Quality Control Manager.

I acknowledge receipt of 200 vials of Factorate which have been requested for supply to :-

(Patients names)
