INFECTED BLOOD INQUIRY

**WRITTEN STATEMENT OF
John Rufus PENTITH
(additional)**

I provide this additional statement in response to a request under Rule 9 of the Inquiry Rules 2006 dated 15th November, 2018.

I, John Rufus PENTITH will say as follows: -

In addition to my previous statement, I would like to add the following:-
I now produce as exhibits, copies of two documents submitted to assist the Infected Blood Inquiry, as follows

WITN00690003 - Letter dated 17.7.1990 from the Pembroke Surgery to the Haematology Department, Royal Berkshire Hospital showing my being a person with Von Willebrand's Disease who needing dental surgery required a haematology assessment to determine his status. The letter also mentions my prior military service and transfer of medical records from H.M. Army to the surgery.

WITN00690004 - Letter also dated 17.7.1990 from The Pembroke Surgery to me, showing caution exercised by my dental practise at that time, and their reluctance to deal with my dental issues until such time as my blood factor levels had been improved.

Statement of Truth

I believe that the facts stated in this witness statement are true.

Signed:

GRO-C: J R Pentith
