INFECTED BLOOD INQUIRY

SECOND WRITTEN STATEMENT OF GRO-B

I provide this statement in response to a request under Rule 9 of the Inquiry Rules 2006 dated 28th November 2018.

I GRO-B will say as follows: -

Section 1. Introduction

1. Further to my previous statement dated 09 February 2019. I wish to add the following:
2. On reading through my statement I realised there is a mistake on a date. I would like to amend the date in paragraph 36 of my original statement. It starts by reading "on this night" and talks about the late evening before which would have been the GRO-B and not the GRO-B as previously described.

3. Also, in paragraph 50, I state that I was terrified of giving birth to my first child. Upon examination of my medical notes I wish to now add that the condition 'Tokophobia' has been written all over my maternity notes, this was shown for all 3 of my children. Tokophobia is described as a pathological fear of pregnancy.

Statement of Truth

I believe that the facts stated in this witness statement are true.

Signed

GRO-B
