INFECTED BLOOD INQUIRY

SUPPLEMENTARY STATEMENT OF GRO-B

I, GRO-B have recently received some of my medical records dating back to 1993 from the Health Records Department of the Royal Berkshire NHS Foundation Trust. In light of these records, and further to my previous statement dated 24 April 2019, I will say as follows: -

Clarification I want to make: -

1. Included within the medical records I have received, there is a letter dated 26 October 1993, addressed to Dr GRO-B who was a doctor at my GP surgery at the time, from Dr GRO-B GRO-B which records that I was informed of being Hepatitis C positive during a consultation at this time. I do not recall this happening and stand by my witness statement (WITN0880/001) which notes that I was informed of being Hepatitis C positive in 1995.

Statement of Truth

I believe that the facts stated in this witness statement are true.

Signed GRO-B
