Rt Hon Jeremy Quin MP
HM Paymaster General

3 February 2023

Dear Minister,

I have today finished hearing submissions from core participants about the evidence we have considered and the recommendations that should follow.

Having reflected on the submissions made to me in writing in December and orally over the last three weeks, I have decided that it would be appropriate to make a further interim report about the Compensation Framework Study by Sir Robert Francis KC.

As you may know, the Inquiries Act 2005 makes provision for the publication of reports. I confirm that it would be my preference to accept responsibility for arranging publication of both this interim report and, in due course, the full report.

Yours sincerely,

A handwritten signature in blue ink that reads "Brian J Langstaff".

Sir Brian Langstaff
