Dear Andrej,

Re: Mr GRO-A : Code 012

I fear that we are not going to satisfactorily resolve this case. Of the 23 donors implicated, there are 11 who are lost to follow-up. Attempts were made to contact these donors in 1986, but they failed to attend for further sampling when requested and have not donated subsequently. As it happens a significant number were from a local college and had moved on.

I am sorry that I cannot be of further help.

Best wishes,

GRO-C
