Consultant Haematologist,
Mater Misericordiae Hospital,
Dublin 7.

Dear Dr. Otridge,

The Board is considering an application for a Factor VIII preparation and would appreciate your view as to whether you would use the product knowing that the source was pooled plasma collected from many centres in the U.S.A., including New York, Miami, and San Francisco.

Have you had any difficulty in obtaining Factor VIII in the past?

Yours faithfully,

M. McCarthy M.B., B.Sc.,
Medical Assessor
