

Mrs. M. Rafter,
National Drugs Advisory Board,
63-64 Adelaide Road,
DUBLIN 2.

26th September 1984.

Dear Mrs. Rafter,

Re KOATE - Dried Factor VIII Fraction PA 79/15/1-4

Thank you for your letter of 13th September 1984.

With regard to point 1, we now have a heat-treated preparation and data will be submitted shortly, but we would like to discuss this point with the Board and may contact you again in the very near future.

We confirm that Cutter does not collect source plasma from any of the areas associated with AIDS and enclose a copy of the press release statement which was issued in February 1983.

We trust you will find this information satisfactory.

I am enclosing a letter dated 19th September which I was about to send to you when your letter of 13th September arrived on my desk.

This answers the outstanding queries on Koate. A product sample is also enclosed,

Yours sincerely,

GRO-C

M.W. Tatt.
Registration Manager
