16 May 1983

Dear Dr *Rizzi*

"AIDS"-Information file

Further to the information sent to you last week I enclose a copy of a letter from the FDA to "All Establishments Collecting Human Blood for Transfusion". In the package already sent to you copies of a similar letter to "All Licensed Manufacturers of Plasma Derivatives" and "All Establishments Collecting Source Plasma(Human)" were enclosed.

Please note the date of all 3 letters is March 24th 1983, some 3 months after Alpha had initiated it's own exclusion policy for groups known to be as 'high risk' for AIDS transmission.

Yours sincerely /

GRO-C

I D Marshall

Sales Manager
