Re: HYATE:C

Dear Denis:

We are pleased to advise you that the mark "HYATE:C" has now been registered in the United States under Registration No. 1,452,889. The original registration document is enclosed and should be maintained in a safe place. We have retained a copy for our files.

It is now proper to use the popular designation ® in connection with the mark. Other standard trademark designations may also be used such as "Reg.T.M." and the like.

Please note that between August 18, 1992, and August 18, 1993, a declaration of use must be filed which will render the mark incontestable.

Please let me know if you have any questions on the enclosed.

Regards,

GRO-C
