attention mrs. diernhofer

i refer to my letter dated 21st november 1988 to dr. eibl / dr. schwarz concerning further discussions with the dhss on plasminogen. please could you ensure that when mr taylor and dr planterose visit vienna this week they do not have access to this specific letter or copies distributed to other staff. there are comments relating to plasminogen which they are not aware of and should not be discussed and also certain specific comments concerning heecham.

kind regards
a.j. coombes
