telex no. 6109 dec.12, 1984

att. mr. nicholson

re: kryobulin tim 2

we confirm that dr. schwarz agreed to the deletion of the reference to viral hepatitis under the chapter of 'manufacture and composition' of the draft leaflet for kryobulin tim 2. the respective sentence should therefore read as follows: 'to decrease the potential risk of transmission of viral infections the following steps are taken:'
