during our visit on wednesday, thursday and friday of this week, it is essential that mr coombes and i receive the following data:-

1. gammabulin - proof that the product will not transmit aids or we cannot sell after 31st december 1986.
2. kryobulin steam 3 - prothompelx steam 4 - we require the reasons for choice of time and temperature.
3. human albumin solution 4.5 transmitted in our telex 2435 dated 26.11.86.
 - a) second set of data for ireland
 - b) response to questions raised by irish authorities
 - c) pack insert
