ATTN: MRS. HENNINGER/MRS. DIERNHOFFER

MR. COOMBS MET DR. SCOTT OF THE NDAB LAST WEEK. IN RELATION TO PPF AND 20%, SHE HAS REQUESTED CONFIRMATION THAT ALL PLASMA DONATIONS ARE HTLVIII AB NEGATIVE - WE CAN OF COURSE DO THIS.

HOWEVER, WITHOUT ANY PROMPTING WHATSOEVER, DR. SCOTT SAID, "WE WILL NEED TO KNOW WHICH KITS YOU ARE USING AS "FDA APPROVED" IS NOT SUFFICIENT - THERE ARE SEVERAL KITS WHICH WOULD NOT BE ACCEPTABLE TO US". DR. SCOTT ALSO EXPECTS VARIATIONS WHEN KITS ARE CHANGED.

THIS OBVIOUSLY HAS BEARINGS ON LAST WEEK'S DECISIONS AND WE SUSPECT MIRRORS THE RESPONSE WE WILL GET FROM THE D.H.S.S.

PERHAPS YOU COULD REDISCUSS THIS WITH DR. IGEL AND LET US HAVE YOUR COMMENTS.

REGARDS  
R. NICHOLSON\*
