Dr M Sibellas - *Immediate*

AIDS COUNTDOWN

Thank you for your minute of 24 September to me attaching a note of action in progress and dates. The CMO has commented:

"Interesting but not quite what I had in mind. What arrangements are being made to announce "T" day and what arrangements are being made to reassure the public/donors so that the supply of blood does not decline. Also what is item 10?"

May we have further advice please.
