Dear Dr Lane,

Medicine Act 1968 - Person Responsible

You will recall that at the Joint Management Committee Meeting on 21st February, Dr Walford recommended that you be the designated 'person responsible' for quality control at the Central Blood Laboratories.

The Regional Health Authority therefore wish to formally advise you that in accordance with circular HSC(IS)144 they wish to designate your position as Director of the Central Blood Laboratories as being the 'person responsible'.

I would be grateful if you would confirm in writing your acceptance of this designation.

Yours sincerely,

GRO-C
