Mr Hurst

UKTS - Management & Funding.

Whilst I would be happy to discuss with you the problems of the NBS + the ways we envisage tackling them, I thought I should scotch at the outset any suggestion (as in para 2 of Doug Harris' minute of 13/11) that the UKTS issue should be considered with that of the NBS.

The functions & origins, scale of operation etc are quite distinct. An accident of geographical co-location is no reason for contemplating a union! I foresee enough problems in steering NBS to a successful conclusion without wanting UKTS complications.
