Dr. D. Smith,
Southampton National Blood Transfusion Service,
Coxford Road,
Southampton, SO9 5UP

Dear Dr. Smith,

Herewith notes on **GRO-A** ✓ I think, in fact that it's nothing to do with the Cryoprecipitate at all, as two other cases who did not receive Cryoprecipitate but only Hemofil, have gone HLA positive. **GRO-A** as you see, had both - so I have to let you know.

Yours sincerely,

GRO-C

P.V. DILLING, M.D., Ch.B.
