Hi Brian,

Thank you for bringing this to our attention - this is the first I have seen of it and I have not been able to find any record on this on our meeting request database.

Could you please let me have advice and draft reply as to whether PS(PH) should agree to a meeting and I can then put this to PS(PH).

Many thanks

Jacky,

Brian Bradley from the Health Protection team rang today to ask Michelle about the attached correspondence. It was copied to officials but I can't find any records of our having received it. (The Macfarlane Trust supports those made ill by the use of contaminated blood products in medical treatment).

Have you seen this letter before?

Jen
