14 May 1993.

Dr.Wright,  
Senior Registrar in Haematology,  
Royal Liverpool Hospital.

Dear Dr.Wright,

MR.WILLIAM MURPHY - 07.11.34.  
94 Hilary Avenue, Liverpool, L14 6US.

Many thanks for referring Mr.Murphy who does, indeed, have a recurrent left inguinal hernia. He also has ascites which, I think, accounts for the recurrence of his hernia. He recently started on diuretics, and since starting these, the hernia has reduced considerably in size.

---

~~I do not think it is appropriate to proceed to repair of the~~  
hernia direct, but I will write to Professor Shields about him  
and discuss his further management.

Yours sincerely,

S.J.LEINSTER,  
Reader in Surgery.

Dr. M.S.Feld,  
Gresford Medical Centre,  
Pilch Lane,  
Liverpool, L14 OJE.
