BLOOD PRODUCTS PRODUCTION : RMOs MEETING OF 2 JANUARY 1975

1. You have already kindly agreed orally to accept as an item on the agenda for the RMOs meeting on 2 January 1975 a draft circular on the Organisation of Haemophilia Centres.

2. I am now writing to ask if you would be prepared to ask RMOs to discuss also on 2 January the attached paper on Blood Products Production which is, I hope, self-explanatory. We do not intend to put it to RAs or ETs before considering any views which RMOs may wish to express. Mr Gidden will attend the meeting on 2 January, if required.

3. To save time I am taking the liberty of assuming that your response will be favourable and am arranging for 100 copies of the paper to be prepared for your use. No doubt you will let me know at once if this is not in order.
