PAC HEARING ON HIV AND AIDS RELATED HEALTH SERVICES

1. I attach for each of you a set of updated briefing for this hearing as developed so far. Apart from details of PAC members, this replaces everything issued previously. The material contains some new background briefs, notably at section E.

2. NAO have identified the two issues they will cover in their briefing for the PAC Chairman. These are:-

- a) how well the Department has responded to the epidemic
- b) for the future, what the Department is doing to ensure that services are planned, provided and evaluated adequately.

A start has been made on speaking notes on these issues and this material is at the front of the brief (green). I suggest that we discuss this at our forthcoming briefing meeting.

3. We meet on Monday 2 December at 2.30pm in room 208 at Richmond House. I understand that the AIDS Unit will table at that meeting some outstanding material, including briefing commissioned at our last meeting which arrived too late for inclusion in this round.

1. Mr Freeman 29/11

2. Mr Kirk 2/12

3. Mr Wilson Mr Freeman 3/12

Of interest. Look named
to retain please.
