Mr J.N. Desai
The Treasury Solicitor
Queen Anne's Chambers
28 Broadway
London SW1H 9JS

Dear Mr Desai,

HIV Haemophilia Litigation

I refer to our telephone conversation today.

I confirm that we require copies of all of the documents which were the subject of the Department of Health's claim for public interest immunity privilege and which I understand have now been released for inspection by the Plaintiffs.

As you will be aware, we have continued to withhold from inspection, those documents in the CBLA's discovery which were the subject of the Department's claim and for which we had notification that the claim would be made. As a result of Mr Justice Ognall's inspection of the documents in question, I would be grateful to receive your written confirmation (in the absence of any Order), that the documents previously withheld may now be made available for inspection to the other parties.

We still await copies of the Department of Health's documents which we requested some time ago. I would be grateful to receive any documents which have already been copied and to receive the remainder as and when they become available.

Yours sincerely

GRO-C

Angela C. Robertson
