Some suggestions for the draft minute to PS/Mr Mackay: the numbers correspond to pencilled numbers in the margin of the draft, which is returned herewith.

1. concurrent BPL.....
2. investment in additional facilities for storage, filling, packaging etc, and.....
3. Recently, however, production at the PFC has been badly <sup>[adversely]</sup> affected.....
4. In the longer term, it is unlikely that the PFC will be able to accommodate normal plasma processing for Scotland and Northern Ireland within a single shift.
