1. ~~Dr Bell~~ - as you now know, Mr Mutch^{SS}
will not be to be named! I see that
6/3 Dr Covell does not seem to agree with
the consensus reached with Dr Cash.

HTLV III ANTIBODY TESTING FACILITIES

You will be fascinated to see the attached proposal
from Dr Cash to Mr Mutch. (Has he been appointed,
or merely taken over, as general manager of the SHS?).

CSA only, perhaps!

I would hope that Mr Mutch will consult us. There is
no need for me to spell out the obvious. Should the
implications of HTLV III testing be mentioned at the
forthcoming CAMOs meeting?
