Severe H.A.
Hiv re

Am. Stevens

- 4/7 ago after a flight - pain in
back & upper back - starts from
ps -> down like bite
- some pain at top of spine

- no fever / vomiting / diarrhoea

And pt of J. David Brown

ptw On call Home - for P.H. 5.11 daily

Seemed to be improve over next few days

Then yesterday again worse blood to

urine - some white

He says pain just dull ache in back
No H.A. of H.B.

Grandfather - last visit earlier

0/6

He says over back

As nurse / frequently

Urine - blood ++

Attended H/C with father

3/7 History of sore throat, 'tickly' dry cough,
feverish.

Poor appetite.

Similar problem 4/52 ago. Cleared up with
two courses of antibiotics: augmentin &
erythromycin?

Has been on augmentin for 2/7. No real
improvement.
