Mr A Burgess,

GRO-C

Dear Mr Burgess,

We have at last had the result of your test, and I'm extremely sorry to say that it has proved to be positive for the AIDS-associated virus. This obviously will be of some concern to you and your wife. I would like to suggest that if you give me a ring we could arrange an appointment for you to come and talk to me and my colleague Dr Phillip Jones about it and its implications and to try and put your mind at rest.

Yours sincerely

GRO-C

M S EDWARDS
