Haemophilia Clinic

Mr

GRO-B

GRO-B

Glasgow

Dear Mr

GRO-B

I notice that you were due to attend Haemophilia Clinic this morning for review. It is now almost 3 years since last we saw you and found that you have a mild form of haemophilia. I think that it is very important that we see you for review from time to time and I therefore enclose a further appointment for you. I look forward to seeing you then.

Kind regards,

Yours sincerely

I D Walker
Consultant Haematologist
