17 October 1985

Mr. GRO-A  
GRO-A

Dear GRO-A

You will be glad to know that you became positive some time between February 1983 and October 1983. We have no sample between those two dates but I imagine that you became positive some time during the summer of 1983. Therefore you have more than passed the two-year point.

I hope this information is of some help to you.

With kind regards,

Yours sincerely

E. E. Mayne
