Dear Nicola

Public inquiry into the transmission of Hepatitis C from blood and blood products to NHS patients in Scotland

I enclose a copy of an email from Mr GRO-A with whom I have been in contact for some time. You will see in Mr GRO-A email that the response he received from Christine Grahame's office contains a statement which he is seriously concerned about and I too would be extremely concerned if people like GRO-A and my constituent GRO-A were not allowed to give evidence to the inquiry that you have announced.

I would be grateful to have your comment.

Yours sincerely

GRO-C
