Mr. P.J. Hopley,  
District Pharmaceutical Officer,  
Newcastle Health Authority,  
Scottish Life House,  
2 - 10 Archibold Terrace,  
NEWCASTLE UPON TYNE, NE2 1LF.

31st May, 1985.

Dear Mr. Hopley,

I am writing to inform you that because we have a large stock of Konyne RT (Heat Treated Factor IX) available on our inventory, we have reduced the price of Factor IX to 12p per International Unit for a minimum order of 100,000 I.U.

Although an application for a product licence has been lodged with the DHSS, the product is not yet licensed and is available on a named patient basis.

Should you have any queries, please do not hesitate to contact me.

Yours sincerely,

Walid Marzouk  
Sales Representative
