6 October 2005

Dear Lord Jenkin

As requested I am enclosing the documents you requested following your review of files on blood safety and the issue of haemophilia patients infected with hepatitis C. These papers have been redacted in accordance with guidance under the Freedom of Information Act.

Following your conversation with William Connon last week, you will be aware that Professor Zuckerman has a number of concerns about the release of papers which refer to his research, this includes concerns about his personal safety. As agreed we are sending you these papers, and we are very grateful to you for agreeing not to disclose these documents.

Yours sincerely

GRO-C
