### Hepatitis C Litigation

1. I am writing to you on behalf of Anita James who is presently away from the office on a course. I gather you have recently provided us with copies of the AGH minutes 1/3/88-1/9/91 and you will be aware that Messrs Deas Mallen Souter have been furnished with copies of these. It is in connection with their response that I now require your help as you will see from the attached copy letter dated 7/2/00.
2. Do we have minutes for a meeting on 1<sup>st</sup> March 1988 and do we have the papers referred to in item no. 1? Are we in a position to answer the point raised at item 2? I have endeavoured to discuss with you by phone & if you wish to do so my direct line number appears below. Anita returns on 21<sup>st</sup> February.
